CERTIFICATION: PeopleNet eDriver Logs meet federal regulations in the United States for Property and Passenger carriers and also supports US federal Oilfield regulations by the Dept. of Transportation (49 C.F.R. § 395.15) and in Canada below and above the 60th parallel and the following state regulations: TX: Texas Administrative Code (TAC), Title 37, Rule §4.12; CA: California Code of Regulations (CCR), Title 13, §§1201-1213; FL: Florida Statute 316.302 Hours of Service for Intrastate Transportation; AK: Alaska Administrative Code (AAC), Title 17, Chapter 25.

DOT INSPECTIONS: Instructions for viewing a driver's current log information can be found under the **eDriver Logs – Hours of Service DOT** section.

NOTE: If the Vehicle Management engine cable on your vehicle is not receiving data, you will be prompted to use paper logs.

A proactive warning is given to the driver one hour prior to running out of Driving or On Duty time. A second warning is given when the driver runs out of Driving or On Duty time. The system will warn the driver if attempting to exit a Sleeper Berth or Off Duty status within one hour before minimum requirements are met.

eDRIVER LOGS – Hours of Service DOT

Roadside Inspection Icon from Home Screen

For a Roadside Inspection request for logs simply direct the officer to the Roadside icon from the Home screen. This will take them to the required information viewable on the device per the regulation.

Duty Status details for 1, 7, 8 or 15 days

When viewing the graph use the 1, 7, 8 day menu bar icons for different views. Use the arrows to advance 1 day at a time. Use the detail icon to view all duty status changes for each day. All of these are available on the one touch menu bar.

Summary information for current day

From the Summary View use the scroll bar to review information such as hours available, hours used, miles traveled, and other required information. Use the menu bar to move to a graph view.

Team Drivers

In a co-driver situation use the Driver icon from the home screen then select the Change User icon to Switch active drivers. When finished use the home button and repeat the Roadside inspection process.

DRIVER QUICK START GUIDE

LOGIN

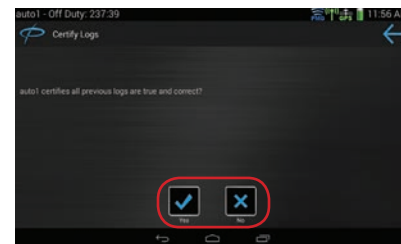

WARNING: If using a Tablet device, LOGIN, LOGOUT and HOS data may not be accurate if the device is Un-Docked during eDriver Log events. Federal Regulations require device to be connected to ECM of the vehicle.

1 Enter your **Driver ID** and **Password**. Press the **SUBMIT** button.

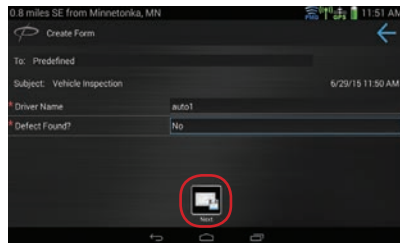

2 Select **Duty Status** icon. *NOTE: Use the auto remarks for on duty description.*

3 Next, select **Yes** or **No** to certify all previous logs.

4 Review all login information here and use the Menu Bar for required changes like trailer and shipping information. Press **ACCEPT**.

5 Fill out the **eDVIR** form if required by carrier. Press the **Next** button to complete the login process.

Regulations – to change available regulations.

Load – to change or update trailer/shipping information.

Location – to remark or note location change.

Remarks – to add any additional remarks.

Upon login completion your Home screen will appear. From here use the icons to navigate through daily activities.

During the day use the eDriver Logs® screen to make annotations, updates, regulation changes, and to request log copies to be faxed or emailed to a Roadside Inspector.

LOGOUT

1 From Home screen select the **Driver** icon.

2 Select the **LOGOUT** icon.

3 Select **YES** to leave the vehicle. Press **NO** to Logout only.

4 Select **Duty Status** icon for Logout.

5 Review Logout information on confirmation screen. Use Menu Bar to make any changes, press **ACCEPT**.

6 Complete the **eDVIR** form if prompted during Logout.
